April Beading Workshop

Jasmine is shown above demonstrating the intricacies and the ins-and-outs of needlework with Judy Hester.

Fun, camaraderie and a little frustration was had by those who participated in the beading workshop that was presented by Jasmine Crutchfield in replacement of the April meeting.

Jasmine made it look so easy. Sometimes we just need to try something new, but safe to say that those who participated in the beading will be keeping their primary interest in painting and sculpting.
