## Who? What? When? And... what to do?

### A Critique by Millie Whipplesmith-Plank this Sunday

Bring in one piece of art that hasn't been critiqued before, either finished or unfinished.

Since her first major achievement in 2012 with admission to the California Printmaker Association, Millie Whipplesmith Plank has spent the last decade making a national name for herself.

*"When I discovered printmaking I was elated. Finally, a medium that took my meticulous drawings and transformed them into something earthier and more evocative than I had the wisdom to do myself. Not only that, but I could make multiple copies without compromising the original image."*

Millie Whipplesmith Plank's "Rapture" is a woodcut on paper.

## Workshop with Gita Lloyd – March 21 & 28

Gita will demonstrate her technique for **sculptural papier-mâché**.

Paper Mache' Workshop scheduled for two Saturdays. March 21st & March 28th at Lake Shastina Community Center, 10am to 4pm. Price is \$35 for members and \$45 for non-members. Contact Kathie Matthews at 530-925-6494 to be added to the list and she will provide a list of materials to bring.

A sign up sheet will be available at the March 15th meeting.

## Voter's Favorites from February Meeting

Creativity has its rewards. And one of those rewards is being chosen as a "Voter's Favorites" from the previous month's meeting. Last month's favs were pieces by fellow artists Howard Jones, Bea Soule' and Joy Price.

Congratulations to you all! Keep creating!!
